Vision

We started SimplySkill for the sole reason to enable small and mid-sized Education business to provide knowledge easily assessable to everyone; that purpose is still at the heart of everything we do.

Our Vision is to enable every small and mid-sized business education business to build an online business of their dreams.

Mission

Our mission is to be **the end to end online education software platform that provides knowledge for millions of students worldwide.**

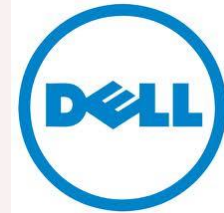

Values

- We're in the business of Customer Service; Customer Excellence is our Priority.
- We will serve customers with the best of abilities, so they get the best out of Asalta.
- We do everything Ethically conduct Honesty and Integrity with Respect for Individuals.
- We Continuously improve in everything we do.
- Our Motto "Always better than yesterday!".

Culture

At Asalta we believe, the great service in business is about making customers happy and company culture is about making our Customers and employees happy, so with Asalta we combined the two and make a single aim of simply **“Delivering Happiness”**.

Learning Management System

Transforming Education with SimplySkill.com

Introduction

- We're excited to introduce SimplySkill.com, a powerful learning management system (LMS) designed to revolutionize education.
- As educators, administrators, and students, we understand the challenges faced by schools with multiple branches. Let's explore how SimplySkill.com can address these challenges and enhance the learning experience.

Why SimplySkill.com?

1. Centralized Learning Hub

- SimplySkill.com provides a unified platform where teachers, students, and administrators can access course materials, assignments, and resources.
- Say goodbye to scattered files and folders—everything is organized in one place!

2. Flexible Content Delivery

- Whether it's video courses, live classes, or text-based content, SimplySkill.com supports various content types.
- Teachers can create engaging lessons tailored to different learning styles.

Why SimplySkill.com?

3. Branch Collaboration

- With multiple branches, collaboration is key. SimplySkill.com enables seamless communication and resource sharing across campuses.
- Teachers from different locations can collaborate on curriculum development and share best practices.

4. Student Engagement

- Interactive features like quizzes, certifications, and live classes keep students engaged.
- The platform encourages active participation and knowledge retention.

Features at a Glance

1. Public & Private Classes

- Customize access levels for different courses.
- Public classes for open enrolment, private classes for specific groups.

2. Multimedia Integration

- Seamlessly integrate YouTube, Vimeo, and securely hosted videos on own servers.
- Enhance learning with rich media resources.

Features at a Glance

3. Booking System

- Schedule 1-to-1 or group meetings online.
- Efficiently manage teacher-student interactions.

4. Analytics and Insights

- Monitor student progress, attendance, and performance.
- Data-driven decisions for continuous improvement.

Conclusion

- SimplySkill.com empowers educators, streamlines operations, and enriches student learning.
- Let's embrace technology and transform education together!

Advantages of SimplySkill.com

Advantages...

1. Content Variety

- Supports multiple content types, including video courses, live classes, and text-based courses.
- Enables a rich learning experience for users.

Instructor – Courses

The screenshot shows the 'My courses' section of an instructor's profile on the Simply Skill platform. The interface includes a navigation bar with 'Home', 'Courses', 'Instructors', 'Store', and 'Forums'. A toggle switch for 'Only not conducted live classes' is visible in the top right. The instructor's profile, Robert Ransdell, is shown on the left with 8 courses and 0 followers. A sidebar menu lists various course-related actions like 'New', 'My courses', 'Invited courses', etc. The main area displays three course cards, each with a 'Course' label, a 'Free' price tag, and a 'Course' button. The first course is 'ChatGPT Tutorial 2023: How to Use Chat GPT For Beginners in 2023' (Item ID: 2024, Duration: 0:28 Hrs, Category: Business Strategy). The second is 'Master ChatGPT in 2024 - Every Feature Explained (hidden ones too)' (Item ID: 2025, Duration: 0:24 Hrs, Category: Business Strategy). The third is 'Being Kind To Others'. Each card also shows 'Downloadable: No' and 'Sales: 0 (0)'.

Instructor – Video Lessons

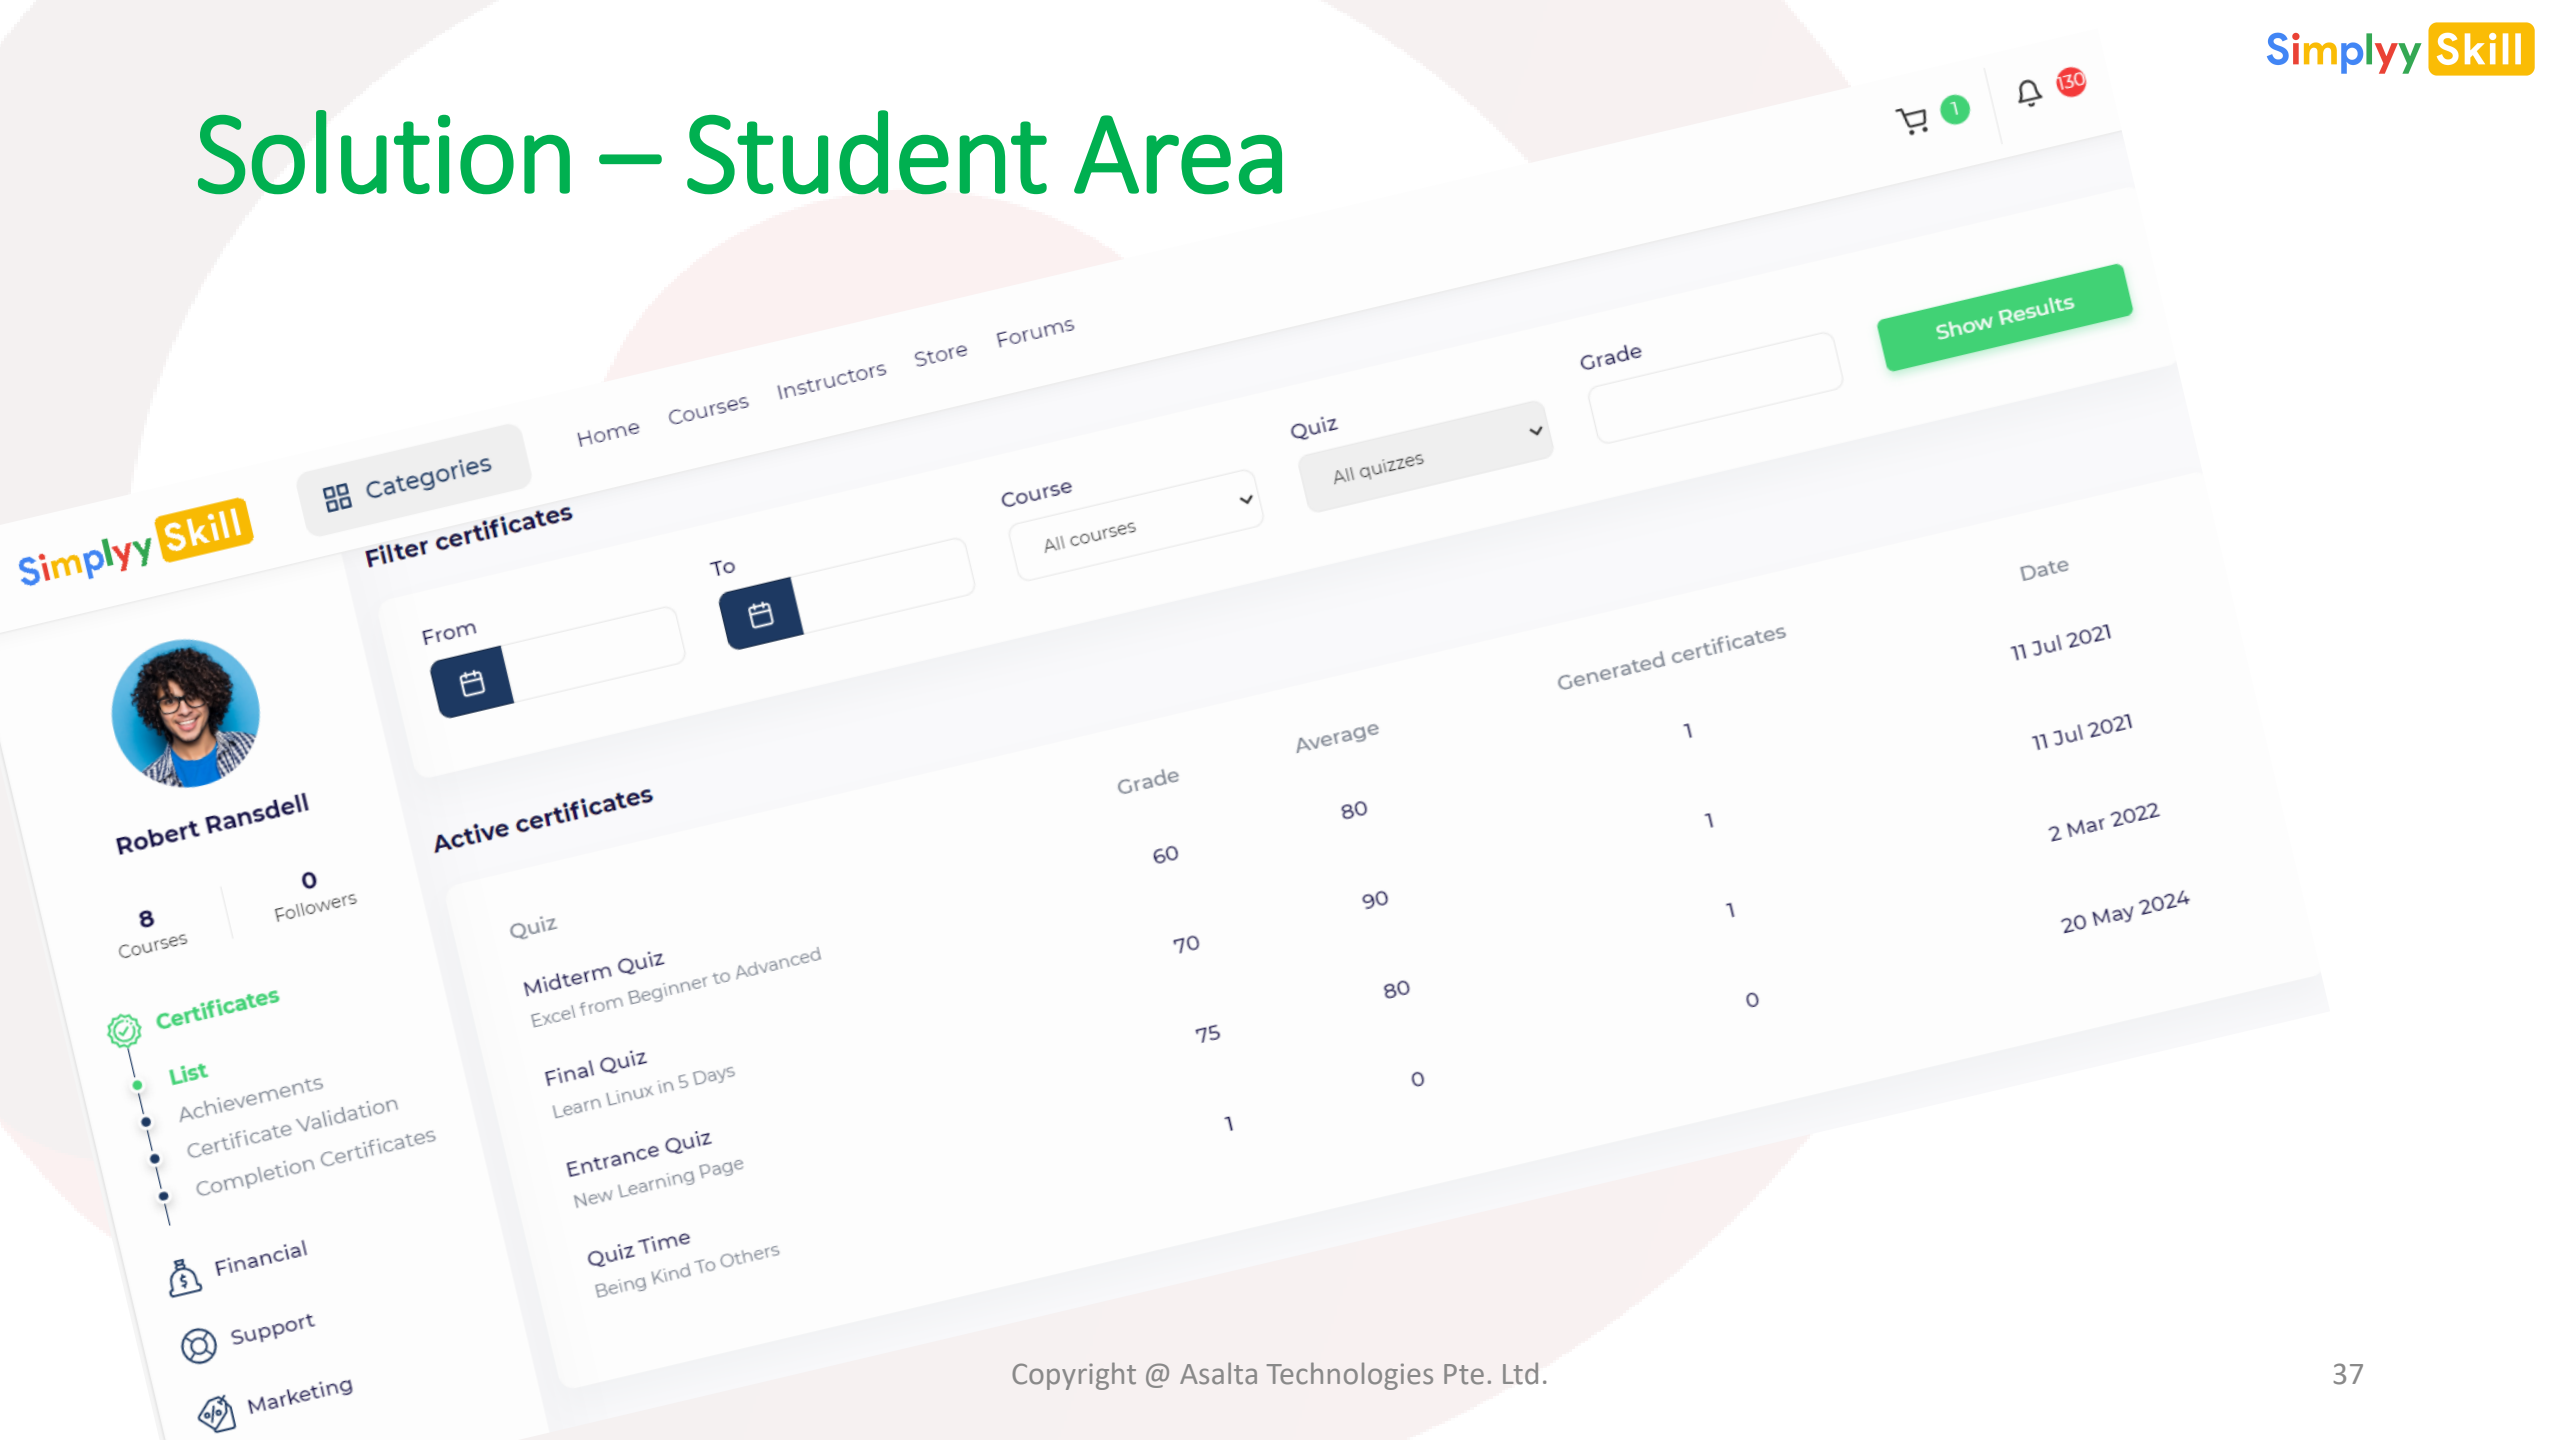

The screenshot displays the 'Simply Skill' app interface. At the top left, the 'Simply Skill' logo is visible. The main content area features a video player with the title 'Being Kind To Others' and a progress bar indicating '20% Learnt'. The video thumbnail shows a 3D illustration of a city street with a pedestrian crossing, a woman pushing a shopping cart, and a young boy. A play button is centered on the video. To the right, a sidebar menu lists the course structure: 'Being Kind To Others' (5 Topics), 'Chapter 1' (Video | 33.95 MB), 'Chapter 2' (Video | 10.69 MB), 'Chapter 3' (Video | 11.17 MB), 'Chapter 4' (Video | 21.03 MB), and 'Quiz Time' (Unlimited Time | 2 Questions). A toggle switch for 'I passed this lesson' is currently turned off. At the top right of the sidebar, there are buttons for 'Course Page', 'My Courses', 'Content', 'Quizzes', and 'Certificates'.

Solution – Quiz with Videos

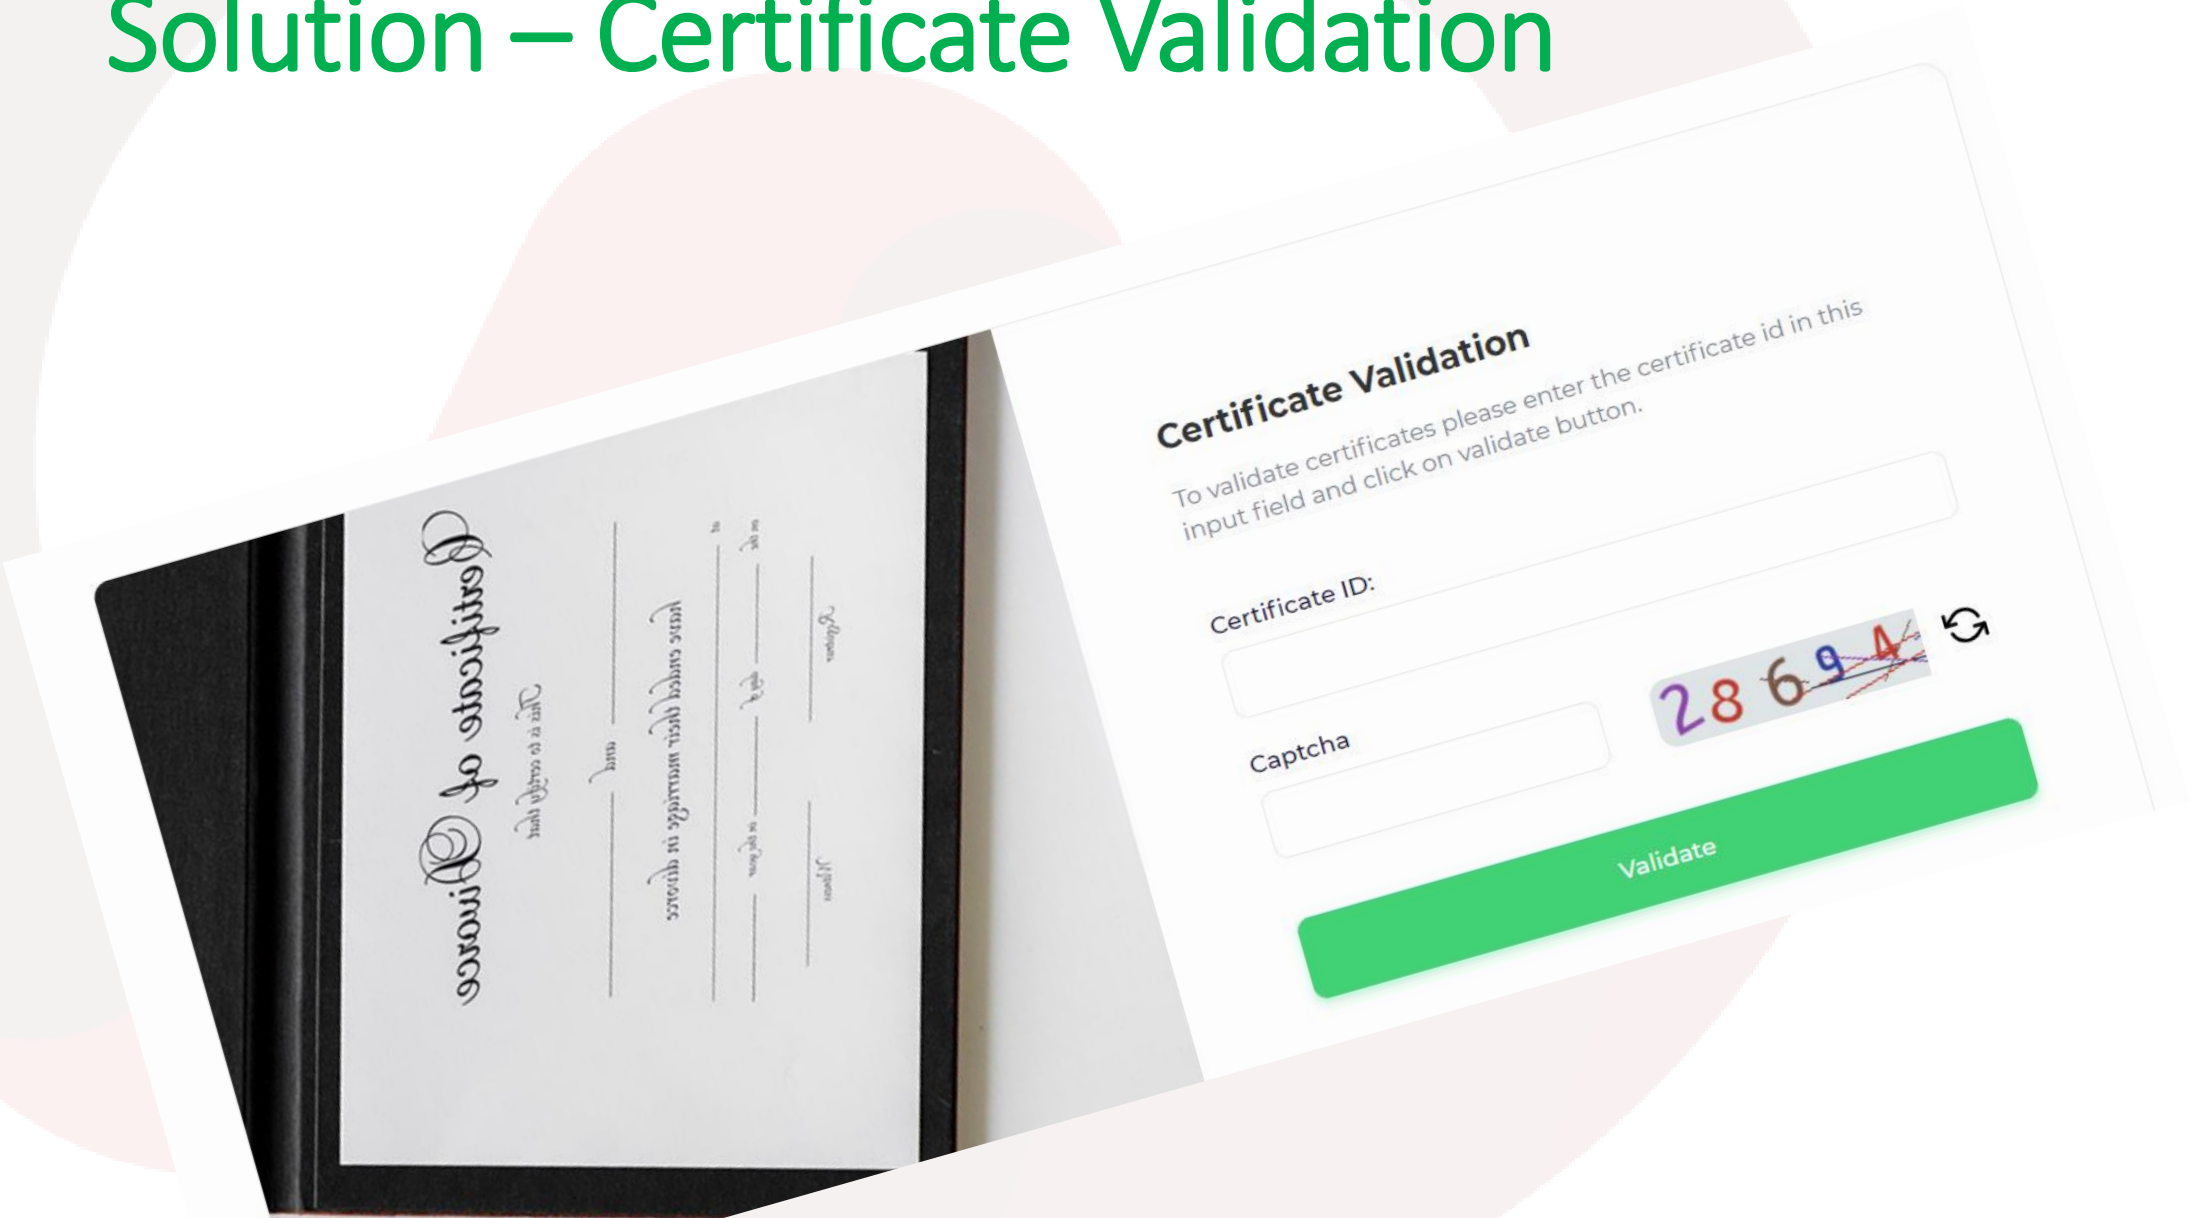

- Quiz with Videos and

The image displays two examples of a quiz interface. The left example shows a question: "What is the best way to Being Kind to Others?" with a question grade of 2. It features two answer input fields labeled "Answer 1" and "Answer 2", and buttons for "Previous question" and "Next question". The right example shows a video player with a cartoon character and a question: "Should you help Old lady cross the Road?" with a question grade of 1. It also features two answer input fields labeled "Answer 1" and "Answer 2".

Solution – Certificate Validation

Asalta's Testimonials

(few...)

...

- “The CoSec CRM that we had purchased from you is a great software. It has helps me to perform my daily my works more efficiently by cutting at least 60% of my working hours in updating and maintaining my customer records. It also gave us a peace of mind as the system will auto backup all my customer records, our previous manual recording cannot do so.

I will definitely recommend your CRM to my fellow profession. Cheers!

Mr. Simon Lee,
- CORPORATE HOUSE & PARTNERS LLP

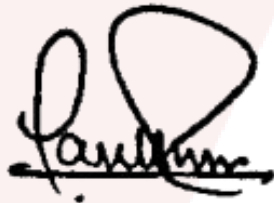

/* Two thumbs up /* "

...

- "You know in the world of software there are those that know software (let's call them 'geeks') and those who know people - that is to say they're concerned with the user's experience PLUS they are super people to work with.

Arun is all three rolled into one - when you're working with Arun on a project: first you're working with someone who is simply great to work with second, you're working with someone who knows their 'stuff' third (and perhaps most importantly of all) you're working with someone who cares.

It's a great - and all too rare - combination.

Mr. Paul Dunn,
("the Wizard of WOW")
Chairman and Co-Founder of Buy1GIVE1 - B1G1
Buy1GIVE1 - B1G1

- "Asalta has provided our group of companies with outstanding, beyond expectation design and technical support which is the level of services unknown to us before. Their commitment of getting the "job" done, was beyond our initial expectations. Their effective turnaround time between job order, delivery of product and product support was phenomenal. Taken into account the project requirements to being delivered during the holiday season we can only comment the Company and its management to a job well done."

Andreas Wimmer
Chief Executive Officer and Group Managing Director,
ASC (S) Pte. Ltd, Singapore

...

- "Excellent technical capabilities with quick and immediate services. I'll recommend Asalta to anyone who wants quality and fast online or technical services."

Ms. Amy Tan,
Senior Brand Executive.
Publicis Modem Singapore
